

# PUMP'N PROTECT™

## BREAST MILK STORAGE BAGS

Pump'N Protect™ Breast Milk Storage Bags are a convenient solution for storing breast milk. The flexible bag allows for easy handling and transferring of the milk from bag to bottle.

### FEATURES:

- Bags are compatible with Ameda HygieniKit® Milk Collection Systems and any standard or wide neck breast flange
- Easy-close, double zip seal with leak-proof technology
- Using the adapters, mom can pump directly into the bag
- Reinforced side seams for ultimate protection against breakage
- Gusset bottom allows bag to stand or lay flat for storing or freezing
- Pre-sterilized for ease of use, BPA free
- Hold up to 180mls or 6 fluid ounces
